

Non-Government Affordable Housing Alliance Meeting

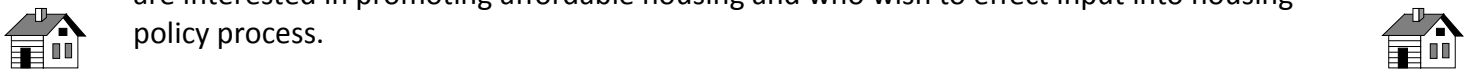

Shelter WA, the Community Housing Coalition of WA and the Tenants Advice Service WA invites you to a meeting of non-government peak organisations and service providers that are interested in promoting affordable housing and who wish to effect input into housing policy process.

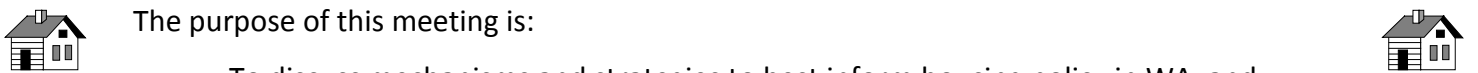

The purpose of this meeting is:

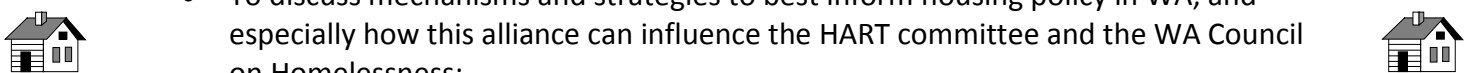

- To discuss mechanisms and strategies to best inform housing policy in WA, and especially how this alliance can influence the HART committee and the WA Council on Homelessness;
- To create an alliance of non-government peaks and service providers who are impacted by housing policy;
- For this alliance to respond collectively to the high volume of State Government policy and service initiatives resulting from the Social Housing Taskforce and the Commonwealth NAHA and NP Agreements.

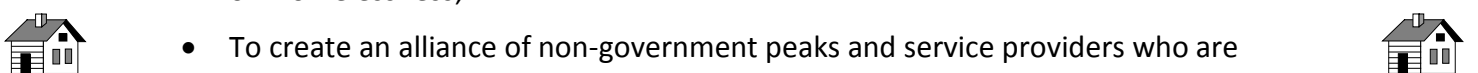

In particular, we want to be prepared to respond to several major changes coming up that will affect affordable housing organisations and services providers in WA:

- State Affordable Housing Strategy
- Not-for-profit Housing Growth Strategy
- Residential Tenancies Act changes (RTA)
- Indigenous Housing (i.e. changes to ICHO's, roll out of the RTA in regional/remote WA)

Please join us for the opportunity to be informed, gather information and meet with others.

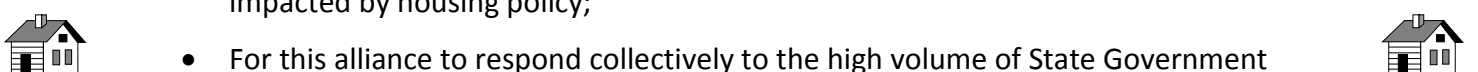

When: **Tuesday, 12 October 2010**

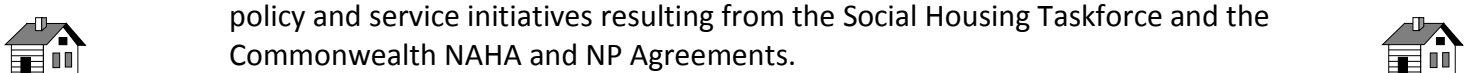

Time: **1pm – 3.30pm (afternoon tea provided)**
